

Let Ken guide you along the river in the comfort of his custom-built 18' Hyde Power Drifter the Loch Leven. Custom built to his specifications to provide you with all day comfort while fishing for the big ones. Stay dry and secure with custom knee bracing and flat non skid casting decks. Thrill to the catch of another trophy trout with the security of multi positioning knee braces, both forward and aft.

Relax in comfort in padded swivel seats that are a pleasure to get into and easy to get up from. Custom oars and anchoring allow for precise boat control. Whether you're a tournament caster or someone needing to get "just a little closer", the Loch Leven will put and keep you right where you need to be. To top it off the Loch Leven feathers a 60hp Evinrude E-Tec Jet Drive outboard motor.

Ken's got it all, quality fly fishing equipment furnished if you need it or bring your own. Forget your shotgun, not a problem. Ken provides fly casting instruction for the novice or fly casting lessons for those wanting to bring their "casting game" to the next level. Like trying something new? Ken is also a NSCA certified Level One Shooting Instructor, add a "cast and blast" to your next trip!

Whether it's the river for trophy trout or Bull Shoals Lake for bass and walleye, you're sure to have a great time fly fishing and shooting with Ken. Lunch is provided on full day trips and cold beverages are always available. Call and book your trip today!
