LOCH LEVEN

Hello and Welcome to Ken Minsky's Loch Leven, named after the famed Loch Leven strain of Brown Trout used to populate many of our nation's lakes and rivers.

At Ken Minsky's Loch Leven we do two things, fly fish and shoot shot-guns! Our aim is to make your fishing and shooting

experience in the Ozarks one you will want to repeat year after year. Whether its fishing on the local lakes and rivers or bustin targets at our beautiful clubs we want to make your time in the Ozarks as easy and fun for you and your family as we possibly can.

Hope to see you soon!
